DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1, 12, and 13 are rejected under 35 U.S.C. 102(b) as being anticipated by U.S. Patent No. 2,976,915 to Spound.

Spound discloses a seat assembly that includes all the limitations recited in claims 1, 12, and 13. Spound shows a seat assembly having a seat cushion 12 (see Fig. 1), a seat back 14 having top and bottom portions, a seat frame 10,16,18, a head restraint 30 mounted to the seat frame by posts 20 and capable of being moved between a deployed position and a retracted position, a plurality of notches 22 on each of the posts, a control mechanism 24,26,27,28 disposed within the head restraint, a housing (see Fig. 3) of the control mechanism, and a shaft 27 pivotally mounted on the housing and being positioned and configured to engage the notches of each of the posts preventing movement of the head restraint and upon rotation of the shaft wherein the shaft becomes spaced from the posts enabling movement of the head restraint, a biasing device 25 (Fig. 1) disposed between the posts and the housing, the shaft is biased to engage the posts, and the shaft has a generally circular cross section with a flat surface, i.e. the gear teeth.

Response to Arguments

3. Applicant's arguments with respect to claim 1 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
